Project	>> Demonstration project: Demonstration organisation / Auto-generation of timesheets for a third party payroll system
Report title	Report on the benefits of creating automated timesheets from RosterCoster.com for a third party payroll system
Report date	30/11/2010 11:30
Report by	> Ryan, Damien
Introduction	This executive summary can be expanded at request to include full report. Enquiries to Damien.Ryan@RosterCoster.com.
"Who" (who requested the report?)	Claude Staub
"Why" (purpose of report)	To assist Claude to promote this type of initiative
"Scope" (what issues are covered / not covered)	The report is confined to the needs of disability services.
"How" (brief details of research methods)	Damien met John Doe of Organisation X, and brought to bear his personal experience delivering rostering tools to disability.
"What" (important results and findings)	John Doe of Organisation X reports that the use of paper timesheets is inefficient, and is creating an unacceptable number of errors per fortnight in generating pays.
"So what?" (conclusions)	John Doe of Organisation X confirmed there is a clear need for automated timesheets.
"Recommendations" (as emerge from conclusions)	That we follow-up with John Doe of Organisation X, as pilot organisation, the rollout of automated timesheets.
